January 26th 2021

Dear Mr Picton

I am writing to thank you and the members of the Golden Valley Study Group for your very generous donation to the school of £500.

As you are aware, the Golden Valley has a larger degree of rural poverty than many people think, and we will use this donation to fund IT equipment for students who do not have access to computers or wifi at home. Both during lockdown and when we are back at school, these days a lack of IT access makes it very difficult for children to make progress and develop their potential.

Thank you for your consideration towards our students.

Best wishes

Sue Gaston
Head Teacher
